

Are you an aspiring artist looking to take the next step in your career and don't know where to start?

Gang Gang Gallery's Emerging Artists Program is an initiative designed to help and encourage artist of all ages who are new to the exhibition process. It will give the applicant valuable experience in all aspects from working with gallery curators and directors, learning how to price and successfully display and market their works, meeting buyers and collectors as well as receiving advice and mentorship from mid-career and established artists.

The successful applicants will be invited to exhibit two pieces in one of our major exhibitions throughout the year. This will be at no cost to the artist - we only ask that you are available one day per week to assist staff in the gallery throughout the day. This will give you a feel for how a gallery operates as well as public feedback and an opportunity for you to ask all the questions you need.

Once invited you will be placed with an exhibition that will complement your work, this may be as soon as the following exhibition or up to 12 months away depending on the gallery's exhibition schedule.

APPLICATION

Please attach images/jpegs of two images you would like to submit, 3D works submit no more than 3 images of each piece.
